BERNHARDT LOFT
GENERAL INFORMATION

CASEGOODS GENERAL INFORMATION

INFORMATION REQUIRED ON ORDERS

Orders will be acknowledged and manufactured with standard specifications unless options are available and requested.

To avoid delays in processing and errors, all orders should contain the following information:

1. Quantities for each item number.
2. Complete item number.
3. Complete fabric, finish and nailhead number if other than standard (where applicable).

GENERAL ORDERING INFORMATION

ITEM NUMBER

- Orders are processed using the stated item number on your purchase order. Although descriptions are helpful, we are not able to verify that the requested item and description agree. Therefore, the item number is the prevailing identifier. We encourage you to use the complete item numbers and verify your order with the acknowledgment.

FABRICS/LEATHERS

- Fabrics may be dropped without notice. An exact color match to fabric samples or existing upholstered items cannot be guaranteed. Fabric of different dye lots may have variations in shading. To ensure the matching of items to be used together, the item should be ordered at the same time.
- Quoted "FABRIC YARDAGE" is based upon 54" PLAIN, no repeat over 3", railroaded fabric. Additional yardage will be required for all other railroaded fabrics. **Use COM chart on following page to determine correct yardages.**
- Only railroaded fabrics may be used on upholstered beds.
- Bernhardt does not guarantee fabric for color fastness or wearing quality.
- When fabrics are discontinued by the mill, Bernhardt is not responsible for replacement.
- Scotchgarding is not available.
- Leather hides may contain marks, scratches or wrinkles considered by the tanneries to be naturally inherent and acceptable characteristics. Also, color variance will be detectable. Manufacturer takes no responsibility for the size or location of such marks or color variations.
- No Customer's Own Leather (COL) or Vinyl can be used on any upholstered casegood item.

NAILHEAD/FINISH OPTIONS

- Most casegood items are only available in the nailhead trim and wood finish as shown.
- Some items can be customized with other nailhead and wood finishes. These options are noted throughout the price list, where available.
- Some items offer optional welt in place of nailhead trim. These options are noted through the price list, where available.
- Nailhead Trim Options: #1 Brass, #6 Antique Brass, #10 Nickel, #13 Bright Nickel, #19 Bright Brass, and #44 Antique Nickel.

STONE TOPS

- Stone tops are each unique. Bernhardt does not guarantee color match or the absence of vein lines.

OTHER OPTIONS

- Optional Euro Slat System available.
- Optional Glass Tops available.
- Optional Metal Bed Frames available.

CANCELLATION

- Since all casegood upholstered merchandise is produced to customer order, we cannot accept cancellation or delay after an order has been entered into production.

RETURNING MERCHANDISE

- Written permission must be received from Dealer Services before merchandise may be returned.
- Under no circumstances will we accept automatic customer charge backs which do not have prior authorization. Also, request for product returns must be accepted with a factory return authorization. Consult your Sales & Service Policy.

CUSTOMER'S OWN MATERIAL (COM) ORDERING INFORMATION

Proper identification of your fabric is extremely important. If Bernhardt cannot identify your fabric, your order cannot be processed. Please use the COM order form when submitting a COM order. To avoid delays in processing your order, make certain the following information is provided with the shipment of your fabric.

1. Name of fabric.
2. Pattern name or number, description and color.
3. In cases of striped fabric, specify whether the stripe is to be applied vertically or horizontally on the item.
4. Sample of fabric properly marked face side and any special application instructions.
5. Specify fabric to be cut "Railroad" or "Up the Roll."

COM Disclaimer:

Certain federal, state and local laws and regulations restrict the use of some fabrics based on environmental and/or safety considerations, for example, flammability standards and the restriction on the use of flame retardant chemicals. All Bernhardt fabrics and leathers used on Bernhardt Residential products comply with this legislation and are flame retardant free. In addition, your submission of a COM order is a representation that the COM fabrics being submitted are in full compliance with all current environmental and safety laws and regulations. The responsibility for ensuring the applicability of any COM rests solely with the dealer.

Bernhardt is not responsible for any unclaimed COM 30 days after shipment of Bernhardt acknowledged order. It is the responsibility of the dealer to request the return of any excess COM on the initial order.

COM Yardage Requirements:

Specified with each item in this price list are the yardage requirements for plain fabrics 54" in width. These yardage amounts are based on fabrics which will cut Railroaded. These yardage amounts are to be used as a guide only. There will be some cases, due to unusual repeats or design of the fabric, when additional yardage will be required. In order to determine the amount of yardage required for production, please refer to the table below.

For fabrics with unusual layouts or specific cutting instructions, a full width repeat sample must be sent to Bernhardt's COM Department for yardage quote. Application of fabric, including placement of seams and choice of face side, will be determined by the factory unless specifically indicated on your order. To ensure correct application of the fabric, Bernhardt requires that a sample of the fabric be included with the COM order form. Bernhardt specifically disclaims responsibility for the tailoring of COM fabrics, particularly those which are transparent, stretch easily and are loosely woven. Fabric widths are limited to 60" or less.

FABRIC WIDTH	PLAIN RAILROAD	PLAIN UP THE ROLL	PATTERN REPEAT				
			2"- 6"	7"- 14"	15"- 20"	21"- 27"	OVER 27"

NOTE: No Customer's Own Leather (COL) or Vinyl can be used on any upholstered casegood item.

CUSTOMER'S OWN MATERIAL (COM) ORDERING INFORMATION

This information is intended as a guide only. Match and repeat will dictate yardage requirements. All COM's will be cut and applied at Bernhardt's discretion unless special cutting instructions are included in writing with the order. The standard application of COM is with the face side of the fabric to the inside of the roll.

If fabric is of similar weave on both sides, face side should be marked. While fabrics are inspected for mill imperfections, some are difficult to recognize. Any obvious defects are questioned, however Bernhardt cannot be held responsible for defects, color inaccuracies or other flaws. Once COM is processed, Bernhardt assumes no responsibility for its overall appearance, flammability, normal durability, colorfastness or any other quality after upholstered on a Bernhardt frame.

NOTE: Unless specific cutting instructions are clearly stated on your order, Bernhardt reserves the right to use its best judgment concerning application of your fabric.

California Certification: All COM fabrics for orders being shipped to California must be accompanied by certification of compliance with the California Upholstery Furniture Flammability Regulations: Class 1 requirements of the U.S. Department of Commerce Commercial Standards 191-53. Bernhardt will use internal materials which comply with these regulations in the production of items for shipment to California. All COM fabric should meet UFAC requirements.

All of Bernhardt's COM specification and documentation requirements must be met before a COM order will be put into production, including a signed declaration that the fabrics being provided meet all current state and federal regulations – a copy of which may be found under the Documents section of the Bernhardt Dealer Portal, or it may be obtained by contacting your local Bernhardt sales representative.
