Bernhardt, alone, reserves the right to determine which products will be offered to each Authorized Retail Dealer. The availability of a price list or catalog does not necessarily imply, nor grant, an Authorized Retail Dealer access to all of the product listed.

BERNHARDT INTERIORS GENERAL INFORMATION

INFORMATION REQUIRED ON ORDERS

Orders will be acknowledged and manufactured with standard specifications unless options are available and requested.

To avoid delays in processing and errors, all orders should contain the following information:

1. Quantities for each item number.
2. Complete item number.
3. Finish number if other than standard (where applicable).
4. Complete fabric number and color. Include detail pillow fabric and any special application instructions.
5. Specify seat cushion if other than standard.
6. Nailhead finish if other than standard (where applicable).
7. Other options including contrasting fabrics, trim or embellishment (where applicable) must be clearly spelled out.
8. If ordering a frame that normally take pillows and you wish to omit them, add a "Y" to the end of the item number (example: N1234Y).

GENERAL ORDERING INFORMATION

FRAME NUMBER

- Orders are processed using the stated frame number on your purchase order. Although descriptions are helpful, we are not able to verify that the requested frame and description agree. Therefore, the frame number is the prevailing identifier. We encourage you to use the complete frame numbers and verify your order with the acknowledgment.

LEATHER/FABRICS

- Frames or fabrics may be dropped without notice. An exact color match to fabric samples or existing upholstered items cannot be guaranteed. Fabric of different dye lots may have variations in shading. To ensure the matching of items to be used as pairs, the item should be ordered at the same time.
- When ordering an item using fabrics of two grades, the frame is priced at the higher grade of the two fabrics.
- When ordering a frame that comes standard with welt, faux furs and shearlings are restricted from use.
- Fabric and leather listings are available on the Bernhardt website and Dealer Portal.

PILLOWS

- Any frame that comes standard with throw pillows may now be ordered without them. Note: The frame number has a "Y" suffix. This designates "no pillow" with an appropriate price reduction.
- When ordering pillows with options, they can either be ordered separately or on a "Y" frame. Pillow options include:
1) contrast welt; 2) jumbo welt; 3) leather welt; 4) cord.
- When ordering pillows that come standard with welt, faux furs and shearlings are restricted from welt use. Please select a contrasting fabric to replace the welt.

NAILHEAD/FINISH OPTIONS

- Nailhead and finish options are considered "standard" on frames where noted in the price list. Most frames can be ordered without nails at an additional charge by selecting the "X" frame way. Welt trim will replace nailhead trim in most cases. Applications of welt on the frame will be decided by Bernhardt. Note: Featured/married cover applications move to special order pricing when nails are eliminated.

CANCELLATION

- Since all upholstery merchandise is produced to customer order, we cannot accept cancellation or delay after an order has been entered into production.

***RETURNING MERCHANDISE**

- Written permission must be received from Dealer Services before merchandise may be returned.
- Under no circumstances will we accept automatic customer charge backs which do not have prior authorization. Also, request for product returns must be accepted with a factory return authorization. Consult your Sales & Service Policy.

***CREDIT**

- Credit will not be allowed for goods returned without our written authorization as stated.

***REPAIR POLICY**

- Authorization for local repair of goods manufactured by Bernhardt Upholstery must be obtained from Dealer Services, otherwise, cost for such repairs cannot be honored.

TERMS

- Regular terms for all products are Net 30 from date of invoice, which is the same as the shipment date.
- Service charges of 18% per annum will be added to each past due transaction.
- When funds are owed to an account, a credit will be issued; deductions will not be allowed for any reason.
- All dimensions are approximate sizes.
- Prices subject to change without notice.
- F. O. B. Lenoir, North Carolina

WARRANTY

- Casegood and Upholstery product warranty information can be viewed at bernhardt.com/customercare.

BERNHARDT INTERIORS FABRIC GENERAL INFORMATION

CUSTOMER'S OWN MATERIAL (COM) ORDERING INFORMATION

Proper identification of your fabric is extremely important. If Bernhardt cannot identify your fabric, your order cannot be processed. Please use the COM order form when submitting a COM order. To avoid delays in processing your order, make certain the following information is provided with the shipment of your fabric.

1. Name of fabric.
2. Pattern name or number, description and color.
3. In cases of striped fabric, specify whether the stripe is to be applied vertically or horizontally on the item.
4. Sample of fabric properly marked face side and any special application instructions.
5. Specify fabric to be cut "Railroad" or "Up the Roll."

COM Disclaimer:

Certain federal, state and local laws and regulations restrict the use of some fabrics based on environmental and/or safety considerations, for example, flammability standards and the restriction on the use of flame retardant chemicals. All Bernhardt fabrics and leathers used on Bernhardt Residential products comply with this legislation and are flame retardant free. In addition, your submission of a COM order is a representation that the COM fabrics being submitted are in full compliance with all current environmental and safety laws and regulations. The responsibility for ensuring the applicability of any COM rests solely with the dealer.

Bernhardt is not responsible for any unclaimed COM 30 days after shipment of Bernhardt acknowledged order. It is the responsibility of the dealer to request the return of any excess COM on the initial order.

COM Yardage Requirements:

Specified with each item in this price list are the yardage requirements for plain fabrics 54" in width. These yardage amounts are based on fabrics which will cut Railroaded. These yardage amounts are to be used as a guide only. There will be some cases, due to unusual repeats or design of the fabric, when additional yardage will be required. In order to determine the amount of yardage required for production, please refer to the table below.

For fabrics with unusual layouts or specific cutting instructions, a full width repeat sample must be sent to Bernhardt's COM Department for yardage quote. Application of fabric, including placement of seams and choice of face side, will be determined by the factory unless specifically indicated on your order. To ensure correct application of the fabric, Bernhardt requires that a sample of the fabric be included with the COM order form. Bernhardt specifically disclaims responsibility for the tailoring of COM fabrics, particularly those which are transparent, stretch easily and are loosely woven. Fabric widths are limited to 60" or less.

FABRIC WIDTH	PLAIN RAILROAD	PLAIN UP THE ROLL	PATTERN REPEAT				
	Price List Ydg.	Price List Ydg.	2"- 6"	7"- 14"	15"- 20"	21"- 27"	OVER 27"
54"	Price List Ydg.	Price List Ydg.	+10%	+20%	+25%	+30%	+40%
50" - 53"	+10%	+25%	+25%	+35%	+40%	+45%	+50%
45" - 49"	+25%	+30%	+30%	+40%	+45%	+50%	+55%
36"	+60%	+65%	+65%	+80%	+90%	+100%	+105%

This information is intended as a guide only. Match and repeat will dictate yardage requirements. All COM's will be cut and applied at Bernhardt's discretion unless special cutting instructions are included in writing with the order. The standard application of COM is with the face side of the fabric to the inside of the roll.

Up the Roll

Railroad

If fabric is of similar weave on both sides, face side should be marked. While fabrics are inspected for mill imperfections, some are difficult to recognize. Any obvious defects are questioned, however Bernhardt cannot be held responsible for defects, color inaccuracies or other flaws. Once COM is processed, Bernhardt assumes no responsibility for its overall appearance, flammability, normal durability, colorfastness or any other quality after upholstered on a Bernhardt frame.

NOTE: Unless specific cutting instructions are clearly stated on your order, Bernhardt reserves the right to use its best judgment concerning application of your fabric.

California Certification: All COM fabrics for orders being shipped to California must be accompanied by certification of compliance with the California Upholstery Furniture Flammability Regulations: Class 1 requirements of the U.S. Department of Commerce Commercial Standards 191-53. Bernhardt will use internal materials which comply with these regulations in the production of items for shipment to California. All COM fabric should meet UFAC requirements.

All of Bernhardt's COM specification and documentation requirements must be met before a COM order will be put into production, including a signed declaration that the fabrics being provided meet all current state and federal regulations – a copy of which may be found under the Documents section of the Bernhardt Dealer Portal, or it may be obtained by contacting your local Bernhardt sales representative.

CUSHIONS

Bernhardt Interiors fabric and/or leather seat cushion insert specifications are listed below. If you wish to change a seat cushion insert, please specify the selection on your order.

CUSHIONS	CONTENT	DESCRIPTION
Luxe Down #1 	Polyfoam Core Polyester Fibers Waterfowl Feathers Waterfowl Down	The Luxe Down cushion is created with a high resiliency polyfoam core of 1.8 lb./cu. ft. It is fully wrapped with a polyester, non-allergenic fiber batting and encased in waterfowl feathers and down. This cushion is designed for a durable yet more carefree look and does require some fluffing.
Luxe Fiber #2 	Polyfoam Core Polyester Fibers	The Luxe Fiber cushion is created with a high resiliency polyfoam core of 1.8 lb./cu. ft. It is fully wrapped with a polyester, non-allergenic fiber batting. This cushion is designed for durability and comfort while retaining the crisp shape of the cushion.
Luxe Feather Down #3 	Polyfoam Core Polyester Fibers Waterfowl Feathers Waterfowl Down	The Luxe Feather Down cushion is created with a high resiliency polyfoam core of 1.8 lb./cu. ft. It is fully wrapped with a hypo-allergenic Featherblend™ fill, which is comprised of 50% feather/down for softness, and 50% polyester fiber for enhanced loft. This cushion is designed to provide superior softness, along with additional support where it's needed most.
Spring Down #4 	Spring Inner Core Polyfoam Polyester Fibers Waterfowl Feathers Waterfowl Down	The Premium Inner Spring Down cushion is created with a full support Marshall-type coil spring unit (15 gauge steel coils individually wrapped in ticking). The core is surrounded by polyfoam and encased in a down proof ticking quilted with a blend of duck down, feathers and soft hollow filament polyester fiber. This cushion is designed for a deep ride, high soft crown and excellent recovery.
Spring Fiber #5 	Spring Inner Core Polyfoam Polyester Fibers	The Premium Inner Spring Fiber cushion is created with a full support Marshall-type coil spring unit (14 gauge steel coils individually wrapped in ticking). The core is surrounded by polyfoam and then wrapped with a hollow filament polyester fiber and encased in down proof ticking. This cushion is designed for a deep ride, high soft crown with resilient recovery without fluffing.

Disclaimer: Ottoman cushions, both companion and freestanding, are only available in their standard cushion. There are no cushion options available.

CUTAWAY CUSHION SAMPLES

Cutaway samples of Bernhardt Interiors cushions are available for purchase. Please specify the selection on your order.

CUTAWAY CUSHIONS	SKU#	SIZE	PRICE
Luxe Down #1	SC1CW	15" x 15" x 6"	\$50
Luxe Fiber #2	SC2CW	15" x 15" x 6"	\$50
Luxe Feather Down #3	SC3CW	14" x 14" x 6"	\$50
Spring Down #4	SC4CW	15" x 15" x 6"	\$50
Spring Fiber #5	SC5CW	15" x 15" x 6"	\$50

Prices shown are wholesale prices in US dollars.

BACK PILLOWS

If you wish to change from the standard back pillow insert, please specify the selection on your order.

FILLING	CONTENT	DESCRIPTION
Fiber 	Polyester Fibers	The Fiber Pillow is created with polyester, non-allergenic fibers for superior resiliency.
Fiber Blendown 	Polyester Fibers Grey Duck Feathers Duck Down	The Fiber Blendown Pillow is created with a blend of polyester, non-allergenic fibers, grey duck feathers and duck down encased in down proof ticking for comfort and resiliency.

THROW PILLOWS

If you wish to change from the standard throw pillow insert, please specify the selection on your order.

FILLING	CONTENT	DESCRIPTION	COST
Feather Blendown	Grey Duck Feather Duck Down Polyester Fiber	The Feather Blendown Pillow is created with 75% mix of grey duck feather and duck down (95% feather, 5% down) and 25% of the fill is polyester fibers. The mixture is encased in a down proof ticking for superior comfort. The culminating result is a pillow that offers fullness, recovers more quickly and creates a beautiful appearing pillow.	Standard
Fiber	Polyester Fibers	The Fiber Pillow is created with polyester, non-allergenic fibers for superior resiliency.	Available at no additional charge. Specify on order.

Throw pillows can be ordered with custom options. Please specify the option and fabric/trim with the selected SKU when ordering.
Custom pillow options include: 1) contrast welt; 2) jumbo welt; 3) leather welt; 4) cord.

NAILHEAD FINISHES

UPHOLSTERY: Nailhead and finish options are considered “standard” on frames where noted in the price list. Most frames can be ordered without nails at an additional charge by selecting the “X” frame way. Welt trim will replace nailhead trim in most cases. Applications of welt on the frame will be decided by Bernhardt. Note: Featured/married cover applications move to special order pricing when nails are eliminated.

CASEGOODS: The availability of nailhead trim, welt or a combination of welt and nailhead trim varies by item and is noted in the price list. Most items can be ordered with or without nailhead trim and welt at no extra charge unless otherwise noted in the price list. Note preferred application on the purchase order. Welt trim will replace nailhead trim in most cases. Application on the item will be decided by Bernhardt.

Any of the following nailhead finishes are available on frames noted with a nailhead finish.

#1 Brass

#6 Antique Brass

#19 Bright Brass

#10 Nickel

#44 Antique Nickel

#13 Bright Nickel

*#13 Mini Bright Nickel nail is available only on select pieces as shown.

UPHOLSTERY WOOD FINISHES

Select from the following wood finish options at no additional cost. Finishes available are specific to each frame; please reference the product information as noted in the price list. Frames noting a “600” finish feature cerused wood, which highlights the open grain of the wood, creating a two-tone finish effect. Frames noting a “700” finish feature non-cerused wood, where the grain is smoother and gives the wood a more consistent finish.

Aged Grey (788)

Aged Grey Cerused (688)

Aurum (733)

Aurum Cerused (633)

Blanca (700)

FABRIC APPLICATION

- When a single cushion is wider than the fabric and the direction of the fabric pattern will not allow railroad application, the cushion will require seaming.
- We do not guarantee dye lot matches of fabric samples or cuttings to the fabric which will be applied to your order.
- All retail or in-home fabric treatments void the warranty.
- Under normal use, all fabrics will show some degree of wear. Regular vacuuming of the upholstery is recommended. Abuse, pets, and prolonged exposure to sunlight may decrease the life expectancy of the fabric.
- The fibers of some velvets will retain pressure marks over time.
- Cut yardage fabrics are swatched as they will be applied, not as they come off the roll.
- The majority of our upholstery frames may be ordered in an inside-outside fabric application. The inside is defined as the seat cushions, back pillows, and throw pillows. The remainder of the item is defined as the outside.
- Due to the length and width of a chaise, a seam will be required when using up-the-bolt fabrics in order to properly upholster the chaise. Generally, the seam will line up with the front of the cushion of matching sectional pieces.
Please consult your sales representative for questions.
- Upholstery fabric patterns may run opposite the length of the chaise configuration. This will require that a seam be added to the chaise cushion approx. 50" from the foot end of the chaise piece to compensate for the overall length of the chaise and the fact that a single width of fabric is not sufficient to reach from end to end of the chaise cushion. The addition of a seam varies depending on the direction of the pattern/knap of the fabric and how it compares to the rest of the sectional fabric application.

SPRING CONSTRUCTION

Spring construction is paired with each design for maximum comfort. There are no special order options to substitute spring construction.

SPRINGS	DESCRIPTION
Sinuous Spring (No Sag)	Heavy-gauge wire springs formed in a zigzag shape are firmly secured to the front and back rails of the frame with insulated metal clips. The insulated clips hold the springs firmly in place and reduce squeaking noises. The springs are then joined together by heavy gauge tie wire, which allows the seating unit to work in unison, giving excellent comfort and durability.
Webbing	3" strips of woven elastic webbing are interlaced and attached to a wood frame by double stapling. This method is used primarily in the construction of chairs and ottomans and provides durable support.

FABRIC CLEANING CODES

CODE S

Recommended Cleaning Instructions

Spot clean only with a water-free dry cleaning solvent. Pretest a small, inconspicuous area before proceeding. Do not saturate. **Do not use water.** Pile fabrics may require brushing with a non-metallic, soft bristle brush to restore appearance. Cushion covers should not be removed and dry-cleaned. To prevent overall soiling, frequent vacuuming or light brushing with a non-metallic, soft bristle brush to remove dust and grime is recommended. When cleaning a spill, blot immediately to remove spilled material. Evenly clean the entire panel in a seam to seam fashion. Do not clean just the spots or stains. When an overall soiled condition has been reached and professional care is required, contact an IICRC Certified Firm who specializes in upholstery cleaning.

CODE W

Recommended Cleaning Instructions

Spot clean only with water based shampoo or foam upholstery cleaner. Pretest a small, inconspicuous area before proceeding. **Do not over wet.** Do not use solvents to spot clean. Pile fabrics may require brushing with a non-metallic, soft bristle brush to restore appearance or reset nap. Cushion covers should not be removed and laundered. To prevent overall soiling, frequent vacuuming or light brushing with a non-metallic, soft bristle brush to remove dust and grime is recommended. When cleaning a spill, blot immediately to remove spilled material. Evenly clean the entire panel in a seam to seam fashion. Do not clean just the spots or stains. When an overall soiled condition has been reached and professional care is required, contact an IICRC Certified Firm who specializes in upholstery cleaning.

CODE SW

Recommended Cleaning Instructions

Spot clean with upholstery shampoo or dry cleaning solvent designed for furniture. Pretest a small, inconspicuous area before proceeding. Do not saturate. Pile fabrics may require brushing with a non-metallic, soft bristle brush to restore appearance. Hot water extraction or steam cleaning is not a recommended cleaning method. Cushion casings should not be removed and laundered or dry-cleaned. To prevent overall soiling, frequent vacuuming or light brushing with a non-metallic, soft bristle brush to remove dust and grime is recommended. When cleaning a spill, blot immediately to remove spilled material. Evenly clean the entire panel in a seam to seam fashion. Do not clean just the spots or stains. When an overall soiled condition has been reached and professional care is required, contact an IICRC Certified Firm who specializes in upholstery cleaning.

CODE X

Recommended Cleaning Instructions

Clean only by vacuuming or light brushing with a non-metallic, soft bristle brush. **Do not use any water or solvent based cleaner.**

CONSUMER ALERT

Keep your furniture and family safe from fires caused by careless smoking. Do not smoke when drowsy. Immediately remove any glowing ember or lighted cigarette which falls on furniture. Smoldering smoking materials can cause upholstered furniture fires.

PERFORMANCE FABRICS

Performance fabrics are fabrics created for a wide variety of uses where the performance of the fabric is the major parameter. They have been created for easy care, lasting beauty and are excellent for family use. Performance fabrics typically offer the following benefits:

- Easy to clean
- Family and pet friendly
- Fade/UV resistant
- Variety of materials, constructions and colors

VELVET DISCLAIMER

Color variations and crush marks are inherent to the beauty of this design construction and should be expected as a characteristic of a pile fabric and not considered defective.

LEATHER GENERAL INFORMATION

LEATHER TERMINOLOGY

Top Grain

Top grain leathers are produced using the outer layer or the epidermis of the hide. The fiber structure of a top grain leather is compact which gives it a higher tensile strength or resistance to tear, a softer feel, and a wonderful draping quality. Top grain leathers offer the best quality and durability available in upholstery.

Full Grain

Full Grain simply means that the natural grain of the hide remains unaltered. Just as our finger prints vary, so too will the natural grain of the hide. Thus, grain variations are clearly visible. Also clearly visible will be any natural markings such as healed scars, insect bites, neck, and belly wrinkles, etc. These markings are a testament to the leather's authenticity.

Corrected Grain

Corrected Grain is the term used to describe leathers where the natural grain of the animal's skin has been removed, and an artificial grain has been embossed or imprinted in the hide.

LEATHER CHARACTERISTICS

PURE ANILINE

- Extremely soft hand or feel. Naked to the touch.
- Offers no resistance to staining and soiling from body oils and liquids.
- Hides are aniline dyed all the way through for final color.
- Only 3% to 5% of raw material in the world is acceptable for marking Pure Anilines.
- Shade variation common from hide to hide and within each hide.
- Natural markings are clearly visible (e.g. brands, insect bites, healed scars).
- Natural grain of skin remains (i.e. Full Grain) making grain variation visible.
- Fat wrinkles, stretch marks and backbone are visible adding natural beauty.
- Will fade if exposed to direct sunlight for prolonged periods of time.

NUBUK

- Extremely soft, natural hand.
- Offers no resistance to staining and soiling from body oils and liquids.
- Hides are aniline dyed all the way through for final color.
- Surface is lightly brushed to create subtle nap or "suede" effect.
- Shade variation common from hide to hide and within each hide.
- Natural markings are clearly visible (e.g. brands, insect bites, healed scars).
- Natural grain of skin remains (i.e. Full Grain) making grain variation visible.
- Fat wrinkles, stretch marks and backbone are visible adding natural beauty.
- Will fade if exposed to direct sunlight for prolonged periods of time.

SEMI-ANILINE

- Soft, buttery hand. Not as "natural" or naked as Pure Anilines and Nubuks.
- Offers some resistance to staining and soiling from body oils and liquids.
- Hides are aniline dyed all the way through for base color.
- Light protective top coat applied (wax/polyurethane) for protection and color.
- Shade variation common from hide to hide and within each hide.
- Natural markings are clearly visible (e.g. brands, insect bites, healed scars).
- Natural grain of skin remains (i.e. Full Grain) making grain variation visible.
- Fat wrinkles, stretch marks and backbone are visible adding natural beauty.
- Will fade if exposed to direct sunlight for prolonged periods of time.

LEATHER CHARACTERISTICS

PROTECTED FULL GRAIN - Fully Pigmented

- Softest hand available in a fully pigmented (painted) leather due to natural grain.
- Offers very high resistance to staining and soiling from body oils and liquids.
- Hides are aniline dyed all the way through for base color.
- Protective, pigmented topcoat applied for final color and protection.
- No shade variation.
- Minimal visibility of natural markings such as brands, insect bites, healed scars.
- Natural grain of skin remains (i.e. Full Grain) making grain variation visible.
- Fat wrinkles, stretch marks and backbone are not visible.
- Less susceptible to fading than Pure Anilines, Nubuks and Semi-Anilines.

PROTECTED CORRECTED GRAIN - Fully Pigmented

- Least natural hand due to artificially embossed grain.
- Offers very high resistance to staining and soiling from body oils and liquids.
- Hides are aniline dyed all the way through for base coat color.
- Protective, pigmented topcoat applied for final color and protection.
- No shade variation.
- No natural markings visible such as brands, insect bites, healed scars.
- No grain variation.
- Fat wrinkles, stretch marks and backbone are not visible.
- Less susceptible to fading than Pure Anilines, Nubuks and Semi-Anilines.

LEATHER APPLICATION

- Hair-on-Hide is a 100% natural product and will vary in shade and hair length.
- Leather seat cushions and back pillows are not reversible.
- Leather application varies from fabric due to the varying sizes of hides. Therefore, seaming and panels are unique to leather application.

LEATHER DISCLAIMER

Each hide of leather has been touched by nature in its own unique way. One can expect to see these markings on leather furniture, such as barbed wire nicks, insert bites, healed scars, and wrinkles. These marks are not considered defects. These marks are inherent characteristics of full top grain leathers that should be appreciated for their natural beauty.

CARE AND CLEANING INFORMATION

Leather Care

Frequent dusting or vacuuming with an upholstery attachment is recommended for preventative maintenance. Do not use furniture polish, saddle soap, oils, varnishes, ammonia water, soaps or dusting agents. To help remove soil or stains, take a lightly dampened cloth and using a mild solution of non-detergent soap and water gently wipe the area of the leather that includes the stain. Avoid dabbing the stained area only. Do not rub. Let dry naturally and repeat if necessary.

Avoid using ink pens, nail polish, nail polish remover or other harmful products near your leather furniture to avoid spills and avoid placing newspapers or magazines on the surface, as the inks may transfer onto the leather. Prolonged exposure to direct sunlight should be avoided at all times, as it will cause fading.

CUSTOMER'S OWN LEATHER (COL)

COL is available on leather frames only and must be approved before acceptance on Bernhardt upholstery product. Bernhardt will not be held responsible for receipt of defective leathers, as we apply all COLs as first quality goods.

ADDITIONAL LEATHER (SOLD BY SQUARE FOOT)

Leather is sold on a per hide basis.

LEATHER GRADE:	L1	L2	L3	L4	L5	L6	L7	L8	L9
	\$2.40	\$4.20	\$6.80	\$9.30	\$11.30	\$13.00	\$15.70	\$18.00	\$20.10

Prices shown are wholesale prices in US dollars.

CASEGOODS GENERAL INFORMATION

INFORMATION REQUIRED ON ORDERS

Orders will be acknowledged and manufactured with standard specifications unless options are available and requested. To avoid delays in processing and errors, all orders should contain the following information:

1. Quantities for each item number.
2. Complete item number.
3. Complete fabric, finish and nailhead number if other than standard (where applicable).

GENERAL ORDERING INFORMATION

ITEM NUMBER

- Orders are processed using the stated item number on your purchase order. Although descriptions are helpful, we are not able to verify that the requested item and description agree. Therefore, the item number is the prevailing identifier. We encourage you to use the complete item numbers and verify your order with the acknowledgment.

FABRICS/LEATHERS

- Fabrics may be dropped without notice. An exact color match to fabric samples or existing upholstered items cannot be guaranteed. Fabric of different dye lots may have variations in shading. To ensure the matching of items to be used together, the item should be ordered at the same time.
- Quoted "FABRIC YARDAGE" is based upon 54" PLAIN, no repeat over 3", railroaded fabric. Additional yardage will be required for all other railroaded fabrics. **Use COM chart on following page to determine correct yardages.**
- Only railroaded fabrics may be used on upholstered beds.
- Bernhardt does not guarantee fabric for color fastness or wearing quality.
- When fabrics are discontinued by the mill, Bernhardt is not responsible for replacement.
- Scotchgarding is not available.
- Leather hides may contain marks, scratches or wrinkles considered by the tanneries to be naturally inherent and acceptable characteristics. Also, color variance will be detectable. Manufacturer takes no responsibility for the size or location of such marks or color variations.
- No Customer's Own Leather (COL) or Vinyl can be used on any upholstered casegood item.

NAILHEAD/FINISH OPTIONS

- Most casegood items are only available in the nailhead trim and wood finish as shown.
- Some items can be customized with other nailhead and wood finishes. These options are noted throughout the price list, where available.
- Some items offer optional welt in place of nailhead trim. These options are noted through the price list, where available.
- Nailhead Trim Options: #1 Brass, #6 Antique Brass, #10 Nickel, #13 Bright Nickel, #19 Bright Brass, and #44 Antique Nickel.

STONE TOPS

- Stone tops are each unique. Bernhardt does not guarantee color match or the absence of vein lines.

OTHER OPTIONS

- Optional Euro Slat System available.
- Optional Glass Tops available.
- Optional Metal Bed Frames available.

CANCELLATION

- Since all casegood upholstered merchandise is produced to customer order, we cannot accept cancellation or delay after an order has been entered into production.

RETURNING MERCHANDISE

- Written permission must be received from Dealer Services before merchandise may be returned.
- Under no circumstances will we accept automatic customer charge backs which do not have prior authorization. Also, request for product returns must be accepted with a factory return authorization. Consult your Sales & Service Policy.

CREDIT

- Credit will not be allowed for goods returned without our written authorization as stated.

CASEGOODS GENERAL INFORMATION

REPAIR POLICY

- Authorization for local repair of goods manufactured by Bernhardt Casegoods must be obtained from Dealer Services, otherwise, cost for such repairs cannot be honored.

TERMS

- Regular terms for all products are Net 30 from date of invoice, which is the same as the shipment date.
- Service charges of 18% per annum will be added to each past due transaction.
- When funds are owed to an account, a credit will be issued; deductions will not be allowed for any reason.
- All dimensions are approximate sizes.
- Prices subject to change without notice.
- F. O. B. Lenoir, North Carolina.

WARRANTY

- Casegood product warranty information can be viewed at bernhardt.com/customercare.

CUSTOMER'S OWN MATERIAL (COM) ORDERING INFORMATION

Proper identification of your fabric is extremely important. If Bernhardt cannot identify your fabric, your order cannot be processed. Please use the COM order form when submitting a COM order. To avoid delays in processing your order, make certain the following information is provided with the shipment of your fabric.

1. Name of fabric.
2. Pattern name or number, description and color.
3. In cases of striped fabric, specify whether the stripe is to be applied vertically or horizontally on the item.
4. Sample of fabric properly marked face side and any special application instructions.
5. Specify fabric to be cut "Railroad" or "Up the Roll."

COM Disclaimer:

Certain federal, state and local laws and regulations restrict the use of some fabrics based on environmental and/or safety considerations, for example, flammability standards and the restriction on the use of flame retardant chemicals. All Bernhardt fabrics and leathers used on Bernhardt Residential products comply with this legislation and are flame retardant free. In addition, your submission of a COM order is a representation that the COM fabrics being submitted are in full compliance with all current environmental and safety laws and regulations. The responsibility for ensuring the applicability of any COM rests solely with the dealer.

Bernhardt is not responsible for any unclaimed COM 30 days after shipment of Bernhardt acknowledged order. It is the responsibility of the dealer to request the return of any excess COM on the initial order.

COM Yardage Requirements:

Specified with each item in this price list are the yardage requirements for plain fabrics 54" in width. These yardage amounts are based on fabrics which will cut Railroaded. These yardage amounts are to be used as a guide only. There will be some cases, due to unusual repeats or design of the fabric, when additional yardage will be required. In order to determine the amount of yardage required for production, please refer to the table below.

For fabrics with unusual layouts or specific cutting instructions, a full width repeat sample must be sent to Bernhardt's COM Department for yardage quote. Application of fabric, including placement of seams and choice of face side, will be determined by the factory unless specifically indicated on your order. To ensure correct application of the fabric, Bernhardt requires that a sample of the fabric be included with the COM order form. Bernhardt specifically disclaims responsibility for the tailoring of COM fabrics, particularly those which are transparent, stretch easily and are loosely woven. Fabric widths are limited to 60" or less.

FABRIC WIDTH	PLAIN RAILROAD	PLAIN UP THE ROLL	2"- 6"	7"- 14"	15"- 20"	21"- 27"	OVER 27"
54"	Price List Ydg.	Price List Ydg.	+10%	+20%	+25%	+30%	+40%
50" - 53"	+10%	+25%	+25%	+35%	+40%	+45%	+50%
45" - 49"	+25%	+30%	+30%	+40%	+45%	+50%	+55%
36"	+60%	+65%	+65%	+80%	+90%	+100%	+105%

NOTE: No Customer's Own Leather (COL) or Vinyl can be used on any upholstered casegood item.

CASEGOODS GENERAL INFORMATION

CUSTOMER'S OWN MATERIAL (COM) ORDERING INFORMATION

This information is intended as a guide only. Match and repeat will dictate yardage requirements. All COM's will be cut and applied at Bernhardt's discretion unless special cutting instructions are included in writing with the order. The standard application of COM is with the face side of the fabric to the inside of the roll.

If fabric is of similar weave on both sides, face side should be marked. While fabrics are inspected for mill imperfections, some are difficult to recognize. Any obvious defects are questioned, however Bernhardt cannot be held responsible for defects, color inaccuracies or other flaws. Once COM is processed, Bernhardt assumes no responsibility for its overall appearance, flammability, normal durability, colorfastness or any other quality after upholstered on a Bernhardt frame.

NOTE: Unless specific cutting instructions are clearly stated on your order, Bernhardt reserves the right to use its best judgment concerning application of your fabric.

California Certification: All COM fabrics for orders being shipped to California must be accompanied by certification of compliance with the California Upholstery Furniture Flammability Regulations: Class 1 requirements of the U.S. Department of Commerce Commercial Standards 191-53. Bernhardt will use internal materials which comply with these regulations in the production of items for shipment to California. All COM fabric should meet UFAC requirements.

All of Bernhardt's COM specification and documentation requirements must be met before a COM order will be put into production, including a signed declaration that the fabrics being provided meet all current state and federal regulations – a copy of which may be found under the Documents section of the Bernhardt Dealer Portal, or it may be obtained by contacting your local Bernhardt sales representative.

DISCLAIMER

Bernhardt uses materials and resources sourced globally to ensure a quality product. Specifications subject to change without notice.

Although the product and pricing information provided in this document is presented in good faith and believed to be correct as of the date this document was printed, Bernhardt makes no representations or warranties as to the completeness or accuracy of the information or prices contained herein. Bernhardt reserves the right, at any time and without prior notice (including after an order has been submitted), to correct any errors, inaccuracies or omissions and to change or update information or pricing, if any information or pricing in this document is inaccurate.

In the event of a significant delay or price increase of materials occurring before completion of any order, the individual product prices and time of order completion may be adjusted by Bernhardt. Dealer will have a thirty (30) day time period to accept any such price adjustments or cancel the order. Absent notice from dealer within the thirty (30) day time frame, dealer will be deemed to have accepted such price adjustment.
